All Members,

Sub: Adjustment of Futures and Options contracts in the security PUNJAB NATIONAL BANK (PNB)

This is pursuant to NSE Circular No. 105/2025 (Download no. NSE/FAOP/68591) dated June 17, 2025, regarding Adjustment of Futures and Options contracts in the security PNB. The following action with regards to clearing and settlement would be taken by NSE Clearing in this regard.

1. Action by the Clearing Corporation in respect of Futures Contracts:

Adjustment of futures contracts available in PNB shall be carried out based on the reference rate of the relevant futures contracts on Jun 19, 2025 (last cum-dividend date). The reference rate to be reckoned for the purpose of adjustment shall be the daily mark to market settlement price of the relevant futures contract, which shall be reduced by the dividend amount.

Accordingly, all positions in futures contracts with the underlying security as PNB would be marked-to-market on the last cum-dividend date i.e., Jun 19, 2025, based on the daily settlement price of the respective futures contract. Subsequent to such processing, open positions shall be carried forward at the daily settlement price less Rs. 2.90/- (dividend amount) for the respective futures contract.

From Jun 20, 2025 (ex-dividend date), daily mark to market settlement of futures contracts with the underlying security as PNB would continue as per normal procedures.

Begin of day margins on Jun 20, 2025, would be computed for the futures contract with underlying as PNB based on the adjusted carry forward value. Subsequently, intra-day margins would be computed based on the relevant traded prices at the time the intra-day span risk parameter files are generated.
